About Unique Global Football Club

Unique Global FC is the first private-sector led football club in The Gambia. It was Formerly known as Toubabo FC and then PSV Wellingara. Unique Global football clubs' early history was rooted in the local Nawettan competitions. Through growth and team-work, the football team gained promotion to the third division league, then to the second division in 2015.

Over the years the club secured promotion to top flight football (GFF First Division League) on two previous occasions, albeit, currently pursuing promotion to the first division football league by playing in the second division league tier.

The current owners and management of Unique Global FC strongly align with the belief that with strategic investments in sports infrastructure, education, and sports skills development, a high sense of commitment for talent development and management through its first class football academy, the Football Club would reach the heights of its full potential changing the lives of young people along the way, harnessing their raw talent into lifelong skills for them to become truly global citizens leaving legacies for generations to come.

ACHIEVEMENTS

The Club has won several community football Nawettan league titles and in 2015 it won the Third Division League title of the Kanifing Municipality regional league, thereby winning promotion to the second division.

Champions of the 2021/22 Second Division League

Promoted to First Division for first time in 2018 / 19 season

OUR MISSION

To develop a winning team across all areas of the organization and foster a resilient mindset that enables the development of exceptional football players, through an extraordinary level of skills training, commitment, discipline and creativity.

OUR VISION

To nurture and develop a talented pool of world-class players that can make an impact in the African game and world football at large, competing at the highest levels of football globally with a unique sense of purpose in all activities engaged in the pursuit of sporting excellence with a difference.

Building Global Partnerships through Football

Partnerships with ECA Elite Coaching Academy UK, PSG Academy Pro Senegal and KA Akureyri FC, Iceland.

In 2025, our club signed a landmark partnership with ECA Elite Coaching Academy, one of London's leading academies with an impressive record of 39 signings with different professional clubs. This strategic collaboration is designed to identify and nurture talented young players, providing them with world class training and development opportunities.

A successful scouting and CPD event was held in January 2025 where over 200 young footballers from the Gambia, Senegal and Côte d'Ivoire were given a chance to show their skills under the watchful eyes of the ECA team comprising of

- **Ngandu Jason Ngandu (Head of National Recruitment - Portsmouth FC)**
- **Adeyinka Adeniran (Head of Recruitment - Millwall FC)**
- **Yannick Salem (Former Player - De Graafschap, Stockport County)**
- **Edi Sallah (Assistant Head of Academy Recruitment - Portsmouth Utd FC)**
- **Pa Modou Jagne - Former Captain Gambia National Team**

A CPD course attended by a cross section of Gambian male and female coaches across the various Gambia Football Federation leagues was successfully run by the ECA team with input from

- **Colin Barnes (Head of National Recruitment – Crystal Palace FC)**
- **Daniel Laurent (Head of South UK Recruitment – Newcastle Utd FC)**
- **Jack Thorpe (Head of Academy Recruitment – Cambridge Utd FC)**

Through this partnership, three of our talented players, Abdoulie Danso, Modou Lamin Bojang and Ousman Jammeh, were given the incredible opportunity to participate in a 2 week trial in Turkey through ECA Elite Coaching Academy. This experience has been invaluable for our young athletes, exposing them to top notch coaching, first class sporting facilities, and great competition on a global platform.

A similar arrangement in 2025 was also signed with PSG academy PRO in Senegal where Unique Global has three of their young academy players, currently developing at the PSG academy with a view to turning professional when they turn 18. The partnership also allows UGFC to benefit from the expertise and experience of the PSG academy brand in building first class sporting infrastructure. The club's planned infrastructure project in the Gambia is a key element of the vision of the club over the next few years. The first edition of the Senegambia Cup will take place in 2026 in Saly, Senegal in partnership with the PSG Academy, Ping FC, Medina United, ECA and other partners.

The partnership with KA Akureyri FC signed in 2025 also presents our young players with the opportunities of being scouted and continuing their footballing journey in Iceland with a view to being exposed to first class football infrastructure in terms of training, coaching and the needed exposure having the opportunity to play in European leagues.

Saul Frazer, Papa Njie Formalize Wellingara FC's Takeover As More Clubs Change Ownership

PRESS RELEASE: ACQUISITION OF PSV WELLINGARA-UNIQUE GLOBAL FC

A consortium led by Papa Yusupha Njie, Chairman of the Unique Group of Companies and Saul Frazer the Proprietor of Global Properties, have completed the full takeover of PSV Wellingara Football Club. The new owners have since renamed it Unique Global Football Club.

Commenting on the takeover, Mr. Njie said they are absolutely delighted to acquire the full ownership of Unique Global FC. "I've always been interested in diversifying our investments into sports and this was a great opportunity. The Gambia has a pool of talented footballers with great potential and if the right structures are put in place by the clubs, we see a great future for the move to a professional league allowing Gambian teams to have the financial capability to participate in the CAF club tournaments which we are currently not doing. We have seen the remarkable strides made by Gambian football over the last few years and our qualification to a second straight African Cup of Nations and being in a world cup qualifier group proper for the first time in our history, is a true testament to that,"

Co-owner Saul Frazer was equally elated that they took the calculated decision to invest in Unique Global Football Club. "We looked at a couple of clubs in The Gambia and with the good history that PSV Wellingara had and having just got relegated from the first division, we decided that the club had a lot of potential that we could tap from. With sensible, measured and sustainable investment, we can establish Unique Global FC as one of the best football clubs in the sub region and develop good players for the international football market.

Honourable Abdoullie Ceesay, member of Parliament for Old Yundum and founder President of the Club commented: "As former owners, we have done our best, but we have come to the decision that for the club to reach its maximum potential, it requires more investment. We have had several offers, but we turned all of them down. We're satisfied that the new owners are the kind of people we trust to take the club forward."

By: Sandally Sawo

The founder of Unique Group and the proprietor of Global Properties have formalized the takeover of PSV Wellingara Football Club.

Messrs. Papa Yusupha Njie and Saul Frazer have now taken over the club and they've already rebaptized it to Unique Global Football Club.

The owner of TMT Football Club Omar Saïdykhan has meanwhile renamed Abuko United TMT Women's FC after purchasing the team.

Gamtel and PSV Wellingara, who were relegated from the first division to the second tier this season, have all lately changed ownership as the new season begins, according to GFF's Facebook page.

Women's first-division side Abuko United and Medical Football Club have also changed hands.

Senegalese football agent now football administrator bought Gamtel and has changed the name to Serekunda Football Club whilst Kemo Ceesay and his Dutch partner Ari Terreifers have renamed Bansang-based Medical football club to Gambia Dutch Lions after

buying it.

The Chief Executive Officer of the GFF, Lamin Jassey, described the takeovers as a demonstration of the "remarkable" leap in Gambian football under the stewardship of GFF President Lamin Kabba Bajo, adding that more investment in domestic football should be expected as it gets more attractive.

"There is a complete paradigm shift in the way that our domestic league and football in general is observed now. All these developments are exceptional for our game but more so the one of Unique Global FC; it is the first private sector-led purchase of a league club in The Gambia and we expect that to be a game-changer," he told the GFF Media. He added: "The domestic league is gaining more and more momentum now and this is having a direct effect on our National Teams. When you look at the progress of the U-20 team in the last few years and the senior national team too, the overwhelming majority of the players there started their careers in the Gambian league. Also, our league is now broadcast to a global audience through a partnership with FIFA under the Eleven Sports platform."
